Declaration of Conformity

for materials based on aluminium which come into contact with foodstuffs

Hereby we declares that the product

Econom Aluminium Foil 300m x 29cm

1. meets the requirements of European Directive 1935/2004 for materials and articles which are intended to come into contact with foodstuffs;
2. has been manufactured in conformity with the relevant requirements of European Commission Directive EC No. 2023/2006 with reference to good manufacturing procedures for materials and articles which are intended to come into contact with foodstuffs;
3. that the aluminium foil used conforms to the requirements of European Norm EN 602:2004 'Aluminium and aluminium alloys. Wrought products. Chemical composition of semi-finished products used for the fabrication of articles for use in contact with foodstuffs'.
4. Based on our suppliers' declarations, the heavy metal content of the product does not exceed the limiting value of EU Directive 94/62/EC on packaging and packaging waste.

Conclusion:

With reference to European Directive 1935/2004, no objection can be made against use of the product for contact with foodstuffs.
